

Tree Dedication Program

Donations pay for the cost of purchasing and planting the tree, as well as regular maintenance such as fertilizing, watering and pruning. Each tree will be planted in the Downtown District and coordinated through the Borough engineering office. The tree will become a living tribute to family and friends. To commemorate the gift, an attractive certificate will be sent to the person being honored, in the case of a memorial gift, the designated person will receive the certificate. A permanent record will be maintained in the Municipal Center. In some cases, an engraved paver brick will be installed in the sidewalk next to the tree for an additional fee.
