TryCAN

**A collaboration of
Berkeley Heights
New Providence
and Summit**

The three communities of Berkeley Heights, New Providence and Summit have formed a collaboration called TryCAN. Teen Mentors from all three communities have become involved. By offering these programs through the collaboration, each community can host a program, field teams and join forces to present a comprehensive program of recreation offerings for special needs children. No residency requirements are attached to the programs.

A generous grant from the **United Way of Summit, New Providence and Berkeley Heights** enables Arts Unbound to provide these classes at a discounted rate.
