

Police Department New Providence, New Jersey

Anthony D. Buccelli, Jr.
Chief of Police
FBI NA Session 194

Wayne Maurer
Captain Patrol Commander

Theresa Gazaway
Administrative Lieutenant

The New Providence Police Department has increased their efforts to reduce neighborhood speeding and cut through traffic.

Speeding and cut – through traffic on residential streets is a major concern to many residents of New Providence. The residents of these neighborhoods have requested that measures be instituted to slow down vehicles traveling through their neighborhoods and reduce cut through traffic.

Pavement marking modifications and additional placement of speed limit and advisory signs have been, and continue to be, installed in an effort to make our neighborhoods safer. These additions are designed to try and educate motorists to stay on the county roads which are better equipped to handle heavier traffic volumes due to the use of traffic signals and wider roadways.

The New Providence Police Department has utilized various methods such as the use of a variable message board equipped with a radar display. This radar display notifies drivers of both the existing posted speeds and the driver's current speed. Subsequently, patrol officers are deployed to the neighborhoods to enforce speeding violations with warnings and summonses being issued.

If all motorists stay on the main roadways it will enhance the quality of life in these neighborhoods. The New Providence Police Department thanks you in advance for your cooperation in making our town a safer community.
