

# Help Strike Out Prostate Cancer

September 15th, 2017 | 6:00pm-9:00pm | Overlook Medical Center Bouras  
Auditorium, Main Lobby | 99 Beauvoir Avenue Summit NJ, 07901

## September is National Prostate Cancer Awareness Month

### Stats

**Age:** The Strongest risk factor with chances increasing sharply after age 50

**Family History:** Higher if a brother or father had the disease

**Race:** More common in African American men

Prostate Cancer is the most commonly diagnosed cancer in men-second only to lung cancer in the number of cancer deaths. The earlier the prostate cancer is detected-before the symptoms exits-the more easily it can be treated.
