
**Important Community Meeting
Oakwood Park and Grove Terrace
Park Improvements**

**Wednesday, December 2, 2015 at 7:30 PM
New Providence Municipal Center
Council Chambers**

The New Providence Recreation Capital Improvement Committee was appointed by the Borough Council to evaluate capital improvements to various recreational facilities within New Providence. The committee is committed to maintaining an open dialog with the community concerning potential improvements to Borough facilities.

You are receiving this letter because you live in close proximity to Oakwood Park or Grove Terrace Field. The committee has identified a number of concept plans for enhancements to the parks and would like to discuss these concept plans with residents as was done with the previous projects at Hillview & Lincoln Fields.

Please join us on Wednesday, December 2, 2015 at 7:30 PM in the Council Chambers of the Municipal Center.

We look forward to reviewing the concept plans for renovations to these parks with you and hearing your thoughts, suggestions and concerns.

Very truly yours,

Jim Madden
Councilman

Robert Robinson
