Dated: August 6, 2014

**RE: Lincoln Field – Purchase of Playground Equipment
MC Project No. NPT-411**

As you are aware, the construction contract for improvements to Lincoln Field was recently awarded. The awarded Contractor's scope includes the preparation of the playground area and installation of the perimeter fencing. The purchase and installation of playground equipment is not part of the Lincoln Field award, as the intention was to purchase and have the playground equipment installed under a State contract. Accordingly, attached, please find the proposed layout and rendering of playground equipment as prepared by GameTime, the entity that holds the State contract. Included in the total cost is the cost for the delivery of the playground equipment, as well as the cost and installation of edge restraint to contain ground cover. Please note, the installation of the playground equipment is free based on the utilization of the State contract. Therefore, the total amount is \$57,972.63. It is our understanding that the Borough will utilize various sources to fund the purchase of these items.

Based on our review of the information, it is our recommendation that the Borough utilize the current State contract to purchase the playground equipment and edge restraint described herein for the total amount of \$57,972.63, subject to the availability of funding. To reiterate, it should be noted that the purchase of the playground equipment from GameTime includes free installation.
