Dear Mayor and Council,

Re: Purchase Police Equipment

I am requesting that a resolution be adopted for the purchase of police equipment for the one new police car that was ordered. The police equipment would consist of emergency lighting equipment, prisoner cages and other equipment for the new Ford Interceptor SUV. We would be purchasing the equipment from Triangle Communications out of Scotch Plains, NJ. They are an authorized vendor for equipment purchasing under NJ Contract 81331 and 81335. Triangle Communications is going to install the equipment for our new police vehicle. They are authorized to install equipment under NJ Contract 81343. The total cost for the equipment and installation is **\$8,278.85**. Attached is a breakdown of the costs associated with this purchase. This purchase will be made within the limits of our 2016 police operating budget. Please note, all of the emergency lighting and push bar are being donated to us by Code 3 products, in return we are letting them show case our police car at the 2016 Police and Security Exposition. The total cost of donated items is over \$8400.

Sincerely,

Anthony Buccelli, Jr.
Chief of Police
