Re: NJDOT Municipal Aid Various Streets Improvements (FY2018)
Proposal for Engineering Services
Borough of New Providence, Union County, New Jersey
MC Project No. NPT-610P

Dear Mr. Marvin:

As you are aware, the Borough of New Providence has received a grant from the New Jersey Department of Transportation (NJDOT) totaling \$310,000.00 for the improvements to Elkwood Avenue (Section 3 – Wellings Road to the eastern end) and Livingston Avenue (Central Avenue to Springfield Avenue). The FY2018 grant is part of NJDOT's Municipal Aid Program and funding is made available from the Transportation Trust Fund (TTF). The conditions of the grant require the Borough to award a construction contract within eighteen (18) months from the date of execution of the agreement with NJDOT. It is our understanding the Borough intends to supplement the NJDOT FY2017 funding with Borough funds to complete Elkwood Avenue utilizing the Morris County Cooperative Pricing Council to construct the improvements.

Maser Consulting P.A. (Maser Consulting) is pleased to submit this proposal for professional engineering services associated with the improvements to Livingston Avenue including; the preparation of construction specifications/design documents, the administration of the NJDOT grant process for the project funding and bidding services. This portion of roadway improvements is estimated at approximately \$450,000.00. Accordingly, our office anticipates the following services:

PHASE 1.0 - DESIGN DOCUMENTS

As the project is utilizing NJDOT funding, Maser Consulting will prepare construction specifications/design drawings for roadway improvements to Livingston Avenue from Central Avenue to Springfield Avenue. Design documents will be prepared in accordance with NJDOT requirements and specifications, and upon completion, will be submitted to NJDOT for approval and authorization to commence construction.

The construction specifications/design documents will include: the replacement of curbs, sidewalks, and concrete driveway aprons (as necessary), and the milling/resurfacing of Livingston Avenue from Central Avenue to Springfield Avenue. In addition, all ADA curb ramps will be reconstructed and detectable warning surfaces installed for compliance with current ADA

regulations. Finally, additional items will include roadway base repair (as necessary), resetting of various structures, installation of bicycle safe grates, installation of NJDEP approved curb pieces, reconstruction of drainage structures (as necessary) and roadway striping. Our office will also prepare a comprehensive cost estimate detailing the scope of the proposed improvements.

PHASE 1.0 - DESIGN DOCUMENTS (NOT TO EXCEED) \$ 25,000.00

PHASE 2.0 - NJDOT GRANT ADMINISTRATION

This phase includes the efforts required to administer the NJDOT Local Aid process for all milestones throughout the project. In addition to the required updates in the NJDOT SAGE (System for Administering Grants Electronically) system, our office will submit the design documents to the NJDOT and provide continued correspondence and coordination with NJDOT representatives to confirm the project approach and obtain their concurrence. Maser Consulting will also coordinate and prepare the required documentation for the NJDOT grant at the required milestones throughout the project to ensure the funding reimbursement to the Borough.

PHASE 2.0 – NJDOT GRANT ADMINISTRATION (NOT TO EXCEED) \$ 2,750.00

PHASE 3.0 - BIDDING SERVICES & MEETINGS

As part of this phase, Maser will prepare the bid packages for sale to potential contractors, provide the Borough with the Notice to Bidders for advertisement, respond to contractor inquiries during the bid period, attend the bid opening, prepare a summary of bids, review and contact contractor references, as required, and prepare an award recommendation to the Borough. In addition, this phase includes attendance at project meetings up to the point of bid award, as required.

PHASE 3.0 – BIDDING SERVICES & MEETINGS (NOT TO EXCEED) \$ 2,750.00

Maser Consulting will provide the services outlined in PHASES 1.0, 2.0 and 3.0 for a **COST NOT TO EXCEED \$ 30,500.00**. Please note, Construction Administration and Inspection are NOT included in this proposal. A proposal for those services will be prepared and provided to the Borough upon opening of contractor bids. The hourly rates utilized for the project will be in accordance with the Borough Engineering Contract previously approved by Mayor and Council.

PROJECT SCHEDULE

The following is the anticipated project schedule:

	<u>Approximate Start Date</u>	<u>Approximate End Date</u>
Mayor & Council Approval of this proposal	April 9, 2018	-

Preparation of Construction Specifications/Design Documents	April 2018	May 2018
NJDOT Concurrence	May 2018	June 2018
Authorization to Bid	June 11, 2018	-
Advertise for Bidding	June 2018	-
Bid Opening	July 2018	-
Council Award	July 16, 2018	-
Preconstruction Meeting	August 2018	-
Construction	September 2018	October 2018

If you find this proposal acceptable, please forward a copy of the Resolution of Approval for this proposal to this office. This will constitute approval of the proposed work.

Thank you for the opportunity to offer our services for the Livingston Avenue Roadway Improvements. We look forward to working with you on this and future projects. In the meantime, should you have any questions regarding this proposal, please feel free to contact me.

Very truly yours,

MASER CONSULTING P.A.
