Re: Requisition Approval

I am submitting a requisition for Council consideration approving a purchase order for Spatial Data Logic, SDL in the amount of \$11,200. SDL is the proprietary vendor for our permitting software. The fee represents an annual price subscription.

The municipal management software is presently used by the following departments, Building, Fire Prevention, Public Works and both the Planning Board and Board of Adjustment.

The vendor software has been upgraded to an "Enterprise" program. The change will allow public access to property records and the permitting applications. Contractors will have the ability to view the inspection status.

Thank you for your consideration in this matter.
