**SUBJECT:** Sidewalk repairs for 2020

This year the attached list of sidewalks will be replaced as part of the 2020 capital improvement authorization.

In keeping with the criteria established during the budget process for capital projects, the project resolves safety issues or concerns. Sidewalks in need of repair have been identified due to the conditions of the sidewalks that could result in a trip or fall accident, such as cracked or uneven sidewalks. These repairs by their very nature eliminate safety concerns. Further no borrowing is necessary to complete the work as there are sufficient funds in the capital improvement fund.
