Mayor Allen Morgan
Borough of New Providence
360 Elkwood Avenue
New Providence, New Jersey 07974

Dear Mayor Morgan:

THANK YOU for recently reaching out to me with reference to the effort to have NJ Transit possibly have
scheduled stops in New Providence. MAY 11:32AM
MAY 11:31AM

After many years living in Watchung, and frequently seeing the bus traveling through the Connell property in Berkeley Heights, and now living in New Providence seeing the same (more than frequently empty) bus at Summit Medical, Nokia, and maybe even some stops on Central Avenue there could be a major value added benefit to the residents of Watchung, Berkeley Heights and New Providence if this mode of transportation was available to the public. Considering this bus provides service between the NJ Transit Rail Station in both Summit and Plainfield, more scheduled stops could improve not only parking issues, bring more residents to either station for more opportunities to connect to Elizabeth, Newark, New York, and more than a few other communities.

I look forward to working with you on this project and can assure you of the commitment by Lantern Hill to support this effort. Not only can both Lantern Hill residents and personnel benefit, but other residents and companies in other surrounding communities.

There is no question the time will come when money will become an issue. However, as we discussed, once the benefits are made clear, and the opportunities visible, while not easy, there can be answers.

At such time as we can get all the other entities involved together again, Lantern Hill can certainly provide an adequate and comfortable venue for a meeting.

In the meantime, I am, as well as official Lantern Hill authorized personnel are available for discussion, help, or whatever. You can contact me, at any time, by email (above), or phone (above), or my cell 908-230-7683. Again, THANK YOU.

Respectfully,

Alan
